Short Paragraph:

Organization Mission Statement: The Lemann Foundation is a nonprofit family organization dedicated to social and economic development in Brazil, and in particular to public education. The Foundation was created in 2002 as a result of the long-term commitment of the Lemann family, which has systematically invested in projects and institutions fostering the development of young people through education or sports. Through their initiatives strive to find high-quality innovative solutions to foster opportunities to learn, teach, and strengthen educational policy.
